

Titusville Morning Herald.

TITUSVILLE, Monday, Sept. 25, 1865.

UNION NOMINATIONS.

JOHN P. BREWSTER, of New Haven,
Connecticut.
JOHN P. BUCHANAN, of Montgomery,
Alabama.
GEORGE M. CANNON, of Georgia.
GEORGE H. DAVIS, of Georgia.
JOHN G. STURVANT, of Oregon.
CHARLES W. HARRISON, of Indiana.
A. J. MCQUINN, of California.

BENJAMIN G. DAVIDSON, of North Carolina.
JAMES IRVINE, of Michigan.
T. W. WHITE, of Illinois.

A Happy Editor.

The scriptures declare that the way of the transgressor is hard. No reasonable man doubts the correctness of this statement. The newspapers show how unprincipled financiers, as well as other knaves, become involved in their own mortuous undertakings, and the columns of the same journals devoted to criminal proceedings, point out the ways in which they have indulged in crime. Now and then a high-flying bird gets caught in full swing. Here are instances. The London Times professed great friendship for us at times, and even when taking sides openly against us, endeavored to make it appear that it would be for our good to follow in the paths they pointed out. There was Mr. James Speer, the Liverpool Correspondent of that Journal, who wrote a book for the express purpose of showing how the rebellion was wrought according to his very imperfect notions, and how utterly impractical it was to restore the authority of the government. The wish was father to the thought, and acting upon his own ready theories and spirit of opposition, he invested in the Confederate loan to the sum of £50,000. Another fled in the same cover flew in the same direction. Mr. B. Simpson, the money editor of the same journal, invested to the extent of £15,000, and third bird, the principal of them all, John P. Dolan, the actual editor, came down with \$10,000. Never was there more incomparable proof of the adage "Birds of a feather flock together." The report of the proceedings of the meeting held for the purpose of procuring payment of the bonds, does not reveal the presence of any one of the above precious flocks of intelligent but unfortunate birds. Many a zealous hunting and shooting crew have they left after the setting of the sun. The most novel suggestion made at the meeting was, that the Government of the United States, according to the alleged de facto Government of the Confederate States, would be bound to provide for the payment of the rebel bonds. This must, at least, have been a very pleasant sound when it fell upon the ears of the said Speer and Simpson, and Dolan. But the most interesting part of the whole affair is the fact that the *money* of the journal which claims to be the most influential in the world, was so completely taken in. £15,000 is no small sum of money, and it is astonishing how the money editor could have raised it. This brings to recollection a statement to the effect that knowing times in England are surprised at the paucity of thinkers upon political economy now to be found in America. There is nothing at hand to say whether the Simpson of the Times, a strong ally he ought to be, to judge by his name, thought very deeply upon the financial affairs of the Confederates before he invested. The presumption is, that he did not, or he would have been more careful as regards his *wallet*, if he never gets one cent on the pound his punishment will be a just one, and so it will be in the case of his friends. Against the received theory of the very people among whom they lived, against the repeated declarations that England did not sympathize with slavery, he and they contributed to build up and maintain the most detestable system of oppression known to modern civilization.

The Simpson of the Times ought to hide his head in some obscure corner of the United Kingdom and banish the Tom Thumb of some provincial paper that breathes a score or more daily, to the great gentilification of spinster aunts and boarding house misses. In his retirement he might write a work on finance and political economy for the especial edification of future money editors.

BLISSEY'S FARMERS' GUIDE.

By the end of the year the new edition has got to be ready. The price of the first edition will be retained, and the new one three iron clad will be sold at three dollars each at Chard, in New York, and San Francisco. The retail dealers in New York will help him.

The residents of several countries in North America are rapidly making all their live stock and other property safe, and they will more than likely to remain in those parts, and those who are in the movement of inland, I hope to see them.

A young lady, when the Prodigy of State Park, being asked what she had done, was answered, "I have been to the fair." "What?" "To see the horses and cattle, and the like." "What?"

"I have seen a great many things, and

Titusville Morning Herald.

TITUSVILLE, MONDAY MORNING, Sept. 25, 1865.

LOCAL MATTERS.

Several compositions wanted. Good wages and steady employment.

DEPUTY U. S. MARSHAL.—We are pleased to learn that Chief of Police Cannell has been appointed Deputy U. S. Marshal, for this sheriff.

The two Ellenville wells, Watson and us, producing, the one 25, the other 30 barrels per day.

Our special correspondence failed to arrive yesterday, and we are without our usual summary.

CHURCH NEWS.—The Van Tassel well on Church Run, a few rods this side of the Ross & Waring well, is now pumping twenty barrels per day.

The Stevenson Farm well between Bonnefont and Cherry Tree Run is now flowing 200 barrels of oil per day. Tanks are being rapidly built, engines brought upon the grounds, and developments upon this new territory will be pushed forward vigorously.

THE COLONIZERS.—The four colonizers, Jerrard Lillard Horace Roberts, T. S. Russell, and "Chief" Trout, were taken to Pittsfield by Chief of Police Council, on Wednesday last, for examination by U. S. Commissioner Sprout, and held to bail in the sum of \$30,000 for trial by the U. S. Circuit Court, October 29th. The test money is very strong against them, and they will doubtless be convicted.

MR. G. W. ANCHOR, of the firm of Archer & Clark, Tary Farm, returned from Rochester, his former residence, on Saturday. Mr. Archer has lately recovered from severe illness of nearly two months duration. He will be gladly welcomed back to the oil region.

MASS MEETING AT CORRY.—A large Union Mass Meeting will be held at Corry on Thursday next. Hon. Henry Wilson, Hon. Wm. D. Kelley and other distinguished speakers will address the people on that occasion. Excursion tickets will be issued on the A. & G. W. R., to attend the meeting.

SHERMAN WELLS.—We learn that this well has been started again, and is now producing oil, although not its former quantity. By long nursing, and gently bending it to the breath of life, by one of the Crocker Brothers, hopes are entertained that it will be preserved to a green old age.

BENNINGTON REV.—The Hawkins well No. 3, on the above stream, is increasing very rapidly. It now flows over 100 barrels of oil per day, and bids fair to rival any in its vicinity. It was started only ten days ago, and so soon as the water was exhausted—which was in about three days—it gushed forth. Losses to it are estimated at \$7,000 to \$10,000 hours, with oil still rapidly.

PIRANAS.—On Thursday evening last, the freight train, advertised to leave Butler at 6 o'clock, left that station at 5:40. The excuse given was that the conductor had orders to go to Corry that night, and for his convenience the train was "ordered" to leave before the regular time. A great many passengers on it, some of whom took it "over the hills," while the balance sought lodgings till the morning train. The patrons of the train mentioned have become accustomed to waiting at each end of the route, and have borne it like martyrs, but elicited some plaudits from the citizens.

HARVEY SPARKS, THOMAS BLINDE and W. D. MILLIS, left for Martinton.

A NARROW ESCAPE.—A lumber hauling off on the track on Friday 6th from his seat on his wagon and stuck immediately in front of his blind wheel, which passed over his neck, and had not been in mind a person would probably have killed him instantly. Other residents behind him saw the occurrence, and started to hounds tame, but he was up, unhooking the tail from his hair before they could get to him. Apparently the injury was very slight, but as the wagon was loaded with the barrel of oil, one informant "think he must have had a tough one."

THE FINE DRIVERS AT PITHOLE CITY.—Mr. F. H. Hilton, the son of L. C. Spangler & Co., of Butler, enjoys the distinction of having introduced the first fast driver to the inhabitants of Pithole. Five sets of fresh caressed leather reins, on the popular "Speculator system," were put through by Hilton's express last week, and disposed of by a twinkling. Mr. H. L. Brown ranged for the permanent location of a whorlcock oyster depot, at Pithole City, and will have soon completed his preparations for expressing them through his fast condition.

Our plan to buy lumber and coal is at H. & M. Hillis.

TERMINAL EXPLOSION.—We learn by a gentleman who left Pittsfield on Friday morning that a terrible explosion and loss of life occurred at the Pithole landing, just before the departure of the cars. The boiler of steam tug exploded, instantly killing the engineer and his wife, the captain and his wife and sixteen hands belonging on the boat. Considerable excitement was produced by the tragedy, the cause of which has not been definitely ascertained.

IN LUCK.—The traffic for the horse of Mr. Wright, took place on Saturday evening, at the St. Nicholas Saloon, according to appointment. Dillingham & Cole were the winners. Their representative, Mr. Stratton, throwing forty five, the highest number. Mr. Wright gave the successful parties an order for the horse, saddle and bridle, and Mr. S. received numerous congratulations on his "stroke of fortune." The horse was sold a few months ago for \$50, and is a good considerate of a handsome cream color.

The place to buy lumber and coal is at H. & M. Hillis.

A NATIONAL HORSE FAIR, under the auspices of the Meadville Driving Association, will be held on their grounds on Tuesday, Wednesday and Thursday, the 16th, 17th and 18th days of October. The grounds and track are the improvements in the State. Over \$1,000 in premiums will be paid.

The Meadville Driving Association says the energy with which preparations are going on, and the enterprize of the gentlemen composing the Association, we may conclude that the Fair will be a great success.

Some of the finest fast stock in the country will be on hand.

The cheapest pieces to buy flour and grain, is at our new C. & C. Grange House, Monroe Street, a reliable

Mrs. E. M. Stanton, Secretary of War, visited New York last week, and was the guest of Gen. K. D. Morris. On Thursday evening a reception was accorded him, and the members of the army, and the public, the bar, and hotel, the banks, and of course, together with representatives from foreign governments, present. From the Evening Post's account, we conclude that Miss O'Reilly's services are far out of the way, when he said

The Lost Boys.—It will be recollect that Capt. Smith lost his baggage the other day, that he had left at the Money House, at the depot, and taken a check there for, but that when ready to take the train, the Captain found a worthless bag left in place of his.

The Captain telegraphed in all directions, but the party was traced and caught by means of the account which we published, finding under the eye of a traveler who saw him in possession of the bag. The proprietor of the Money House went in pursuit of the man, and recovered the baggage. We believe there is to be no prosecution of the offense. The Captain has his daily papers, etc., restored to him, and is enabled to prosecute his journey east without further detention.

ESTATE AND BEAUTIES.—The Titusville Herald of yesterday morning, comes to us greatly enlarged and improved in all respects—evidence of healthy and prosperous growth in the town.

ESTATE.—The Titusville Daily Herald has been enlarged and typographical improved so as to make it one of the best printing, if not one of the best conducted of newspapers. The title is consistent, growing and influencing taste, it is the only in the oil region, and the editor is a man of great information and ability.

PROPOSITION.—The Titusville Morning Herald is a daily newspaper of a moderate size, and its motto comes to mind, "Truth & Justice." The paper is well edited, and presents a very good appearance.

Buy Our Gold! M. A. Cook & Sons' Office on the Long-Swain D. C. R. R. ———

THE S. FESTIVAL.—The entertainment given at the M. F. Sabat School on Friday evening at the Atlantic Hotel, was thoroughly delightful affair. At 7 o'clock p. m. the school assembly at the church where expression was ungrimed, and accompanied by others, entered and seated in the hotel. Here, due to preparations had previously been made, under the direction of Mr. Kellogg, Superintendent of the Artistic for their reception and entertainment. The hall was elegantly decorated with flags, flowers and mottoes, and the tables were sumptuously laden with fruits, cutlery, confectionery and the more substantial entremets of an elegant fest. Mr. Charles H. Stoddard, Superintendent of the School, was Master of Ceremonies, and after singing the national anthems of the little band of School song were marshaled in imposing array to the tables, and portions of good cheer were served out.

THE LITTLEST HERALD.—This excellent example of art, in the Pennsylvania oil fields, in which we are most interested, is a weekly newspaper, and its motto is "Truth & Justice." The paper is well edited, and presents a very good appearance.

The hall was elegantly decorated with flags, flowers and mottoes, and the tables were sumptuously laden with fruits, cutlery, confectionery and the more substantial entremets of an elegant fest. Mr. Charles H. Stoddard, Superintendent of the School, was Master of Ceremonies, and after singing the national anthems of the little band of School song were marshaled in imposing array to the tables, and portions of good cheer were served out.

THE LITTLEST HERALD.—This excellent example of art, in the Pennsylvania oil fields, in which we are most interested, is a weekly newspaper, and its motto comes to mind, "Truth & Justice." The paper is well edited, and presents a very good appearance.

PROPOSITION.—The Titusville Daily Herald is a daily newspaper of a moderate size, and its motto comes to mind, "Truth & Justice." The paper is well edited, and presents a very good appearance.
